SANDERS DENTAL SUPPLY COMPANY

*Revised
Price List
1919*

DENTAL LIBRARY
TORONTO

449 SPADINA AVE., TORONTO, CAN.

Phone College 1932

***All Prices Subject to Market Fluctuation
Change Without Notice***

In presenting a list of our prices for your consideration, we make no pretensions to being the medium for any commercial offer of amazing originality, neither are we optimistic enough to anticipate a sudden transference to ourselves, of the favours of those whose business has hitherto been confined to other houses.

We merely desire that you shall be in possession of our quotations, in the hope that if we are not already enjoying your patronage, you may at some future date extend to us an opportunity to demonstrate the soundness of the policy we have evolved and the efficiency of the service we have organized.

The decision as to the quality of merchandise upon which we rest the reputation of our House, is founded upon a ceaseless study of the minutest requirements of the Dental Profession, extending over a number of years, and our quotations—which are based upon a wide buying experience, a close intimacy with the World's Dental Supply markets—are the lowest possible, consistent with sound business methods.

We are keenly alive to new ideas and specialties, and make every effort to keep in touch with the requirements of the most progressive practitioners.

This list does not comprise our entire line. We will be pleased to quote prices on other articles required.

Items in heavy print are either specialties of interest or attractive values.

We are able to supply at short notice any of the publications for the Dental Profession.

Briefly, our entire policy is embodied in the slogan:

"HIGH QUALITY—REASONABLE PRICE."

We await your commands with confidence.

NOTE.

Our terms are nett cash. Scrap metals accepted at highest market prices in exchange for merchandise.

**DENTAL LIBRARY
